

STANLEY GRANGE VETERINARY PACKAGE

Hambleton Equine Clinic are proud to work closely with Stanley Grange to ensure the best care and attention for your horse. We are pleased to offer to mare owners a pre-paid scheme for veterinary work carried out while your mare is at Stanley Grange. This optional package is designed to cover the cost of veterinary input required to get your mare in foal and monitor early pregnancy.

Included in the scheme for up to 3 breeding cycles:

- Pre-breeding examination and ultrasound scan. CEM swabs if not previously taken
- Ultrasound scans to monitor stage of breeding cycle and ovulation
- Endometrial swabs
- Post ovulation check and treatment with uterine lavage and/or antibiotics as necessary
- Breeding stitches and caslicks procedure
- Hormone injections
- Pregnancy scans as required up to 42 days.
- Twin reduction

Fees that are NOT included are;

- laboratory fees,
- later scans,
- attending foaling,
- endometrial biopsy,
- sedation,
- blood tests,
- long term regumate treatment,
- treatment of endometritis,
- treatment for any other conditions whilst at the stud.
- If your mare has a positive CEM swab, treatment to clear this infection will not be included in the package.

The cost of the veterinary package for the 2020 stud season is £420 inclusive of VAT.

If you would like to sign up for the veterinary package please complete the attached form and make payment in full prior to the start of any veterinary treatment. Payment can be made by card, cheque, or cash. If you do not wish to take up the veterinary package you will be sent invoices for treatment given to your mare and payment terms are 14 days.

BARREN MARES

If you have had problems getting your mare in foal in the past we also offer a barren mare investigation package. This package includes a full clinical examination, an ultrasound examination, uterine biopsy and hysteroscopy. These investigations allow us to identify any problems prior to breeding which we can then treat accordingly. The cost of this package excluding laboratory fees is £300 inclusive of VAT. If you would like further details regarding this please do not hesitate to contact one of the partners on 01642 723132.
